## CHILD CARE LICENSURE INFORMATION MEMORANDUM

Number 2

October, November & December

Volume FY 2013

### ANNOUNCEMENTS

1. The Child Care Licensure Division would like to welcome Ms. Tirza Carmichael, our new licensing official in District VIII.
2. The Child Care Licensure Division is proposing amendments to the *Regulations Governing the Licensure of Child Care Facilities*. A **draft** of the **proposed** amendments has been sent to all providers electronically via email and is posted on the MSDH website in the child care section at [www.HealthyMS.com](http://www.HealthyMS.com). An oral proceeding to receive comments on the proposed amendments will be held in the MSDH Osborne Building Auditorium at 12 noon on October 26, 2012. Approval of the amendments by the Board of Health is scheduled for October 31, 2012.
3. If you are interested in becoming approved to offer contact hours to child care providers, the document, ***“How to Become An Approved Staff Development Trainer”*** has been placed on the MSDH website under the “Child Care Provider Training” section and then beneath “Related Resources.” For additional information, please contact Ms. Nancy Nunley, Region 1 Trainer.
4. The Child Care Licensure Training Unit is experiencing a period of transition. Consequently, some training classes may not be available in your area for the next few months and you may have to travel to fulfill training requirements for contact hours.
5. Please be reminded that an application fee of \$100.00 is to be paid when applying for a new license. For regular annual license renewal, please send only the renewal fee that is based on the capacity of your center.
6. To assist child care facilities in becoming compliant with the new crib standards, the new standards for child care facility cribs are now posted under the Child Care Licensure Section of the MSDH website, under “More Topics.” It is labeled **“New Crib Standards.”** The Child Care Licensure Division is available to assist all facilities with their efforts to adhere to the new standards. Please remember, all cribs must comply with the new standards by December 28, 2012.
7. **IMPORTANT:** On-line CPR and/or First Aid courses are not acceptable toward meeting the training as outlined in the *Regulations Governing Licensure of Child Care Facilities*. Hands-on training and return demonstration is required to meet the training requirements.
8. Beginning July 1, 2012, trainers seeking to provide staff development training will be approved quarterly. Deadlines for submissions will be February 1, May 1, August 1, and November 1 of each year. Approved submissions will be advertised in each following quarterly Information Memorandum. Applications submitted after a deadline will be reviewed for the following quarter.
9. The Child Care Licensure Division has collaborated with the Office of Tobacco Control to promote the new ***Care for Their Air*** program, aimed to educate child care providers, preschoolers, and their parents about the dangers of second-hand smoke. One contact hour will be available for providers trained by the MS Tobacco-Free Coalition (MTFC) Director ([www.tobaccofreems.org](http://www.tobaccofreems.org)). For more information, contact the MSDH Office of Tobacco Control at 866-458-4948 or 866-724-6115.

# Care for Their Air: Smoke-Free Home Pledge Event

**Care for Their Air** is a program for MS child care centers to educate parents & caregivers about the health risks to children from secondhand smoke exposure & encourage them to commit to providing a smoke-free environment in their homes & cars.

Program materials are available at no cost to child care centers interested in implementing the activities. Child care centers can receive incentives for their participation!

## To Child Care Facilities with Cribs:

This is the information received from the CPSC Compliance Officer about a Certificate of Compliance (COC). The links below will take you to the Requirements for a COC and the List of Accredited Testing Laboratories. Please call me if you have any questions or would like to schedule a technical assistance.

"The requirement for the certificate of compliance (COC) is that it cites the regulation, not an ASTM standard. Until the standard goes into effect (June 28, 2011), the cribs should be compliant with 16 CFR 1509 or 1508. If someone makes a crib and certifies compliance to the new rule, the certificate should say 16 CFR 1219 or 1220. There is no requirement to have a certification statement on the product unless a manufacturer chooses to do that, as they may, however the standard does not require a statement of compliance on the crib.

Please refer to the CPSC web site which shows what requirements the CPSC requires in a COC. Also on our website is a list of approve third party testers

You can view the **Certificate of compliance requirements** at <http://www.cpsc.gov/about/cpsia/faq/elecrtfaq.pdf>

You can view the **List of Accredited Testing Laboratories** at <http://www.cpsc.gov/cgi-bin/labsearch/Default.aspx>

**Please call before you purchase new cribs and if you have any questions.**

You will need proof, such as the COC, to show where your current fixed side crib, if manufactured before June 28, 2011, meets the new Federal/CPSC standards. The COC will prove your crib meets the new Federal standard. Please keep all documents pertaining to cribs in a file marked CRIBS so that it is easily located if needed during an inspection.

**REMEMBER: DROP SIDE CRIBS CANNOT BE MADE TO BE A STATIONARY/FIXED SIDE CRIB**

**Please disassemble cribs that you dispose of so that they CANNOT be reused after your facility recycles them or places them in the trash.**

## Child Care Providers Your Guide to New Crib Standards

Beginning **December 28, 2012**, any crib provided by child care facilities and family child care homes must meet new and improved federal safety standards. The new standards take effect for manufacturers, retailers, importers and distributors on **June 28, 2011**, addressing deadly hazards previously seen with traditional drop-side rails, requiring more durable hardware and parts and mandating more rigorous testing.

### What you should know...

- This is more than a drop side issue. Immobilizing your current crib will not make it compliant.
- You cannot determine compliance by looking at the product.
- The new standards apply to all full-size and non full-size cribs including wood, metal and stackable cribs.
- If you purchase a crib prior to the June 28, 2011 effective date and you are unsure it meets the new federal standard, CPSC recommends that you verify the crib meets the standard by asking for proof.
  - o Ask the manufacturer, retailer, importer or distributor to show a Certificate of Compliance. The document must:
    - Describe the product
    - Give name, full mailing address and telephone number for importer or domestic manufacturer
    - Identify the rule for which it complies (16 CFR 1219 or 1220)
    - Give name, full mailing address, email address and telephone number for the records keeper and location of testing lab
    - Give date and location of manufacture and testing
  - o The crib must also have a label attached with the date of manufacture

### What you should do...

- All child care facilities, family child care homes, and places of public accommodation:
  - o Must prepare to replace their current cribs with new, compliant cribs before December 28, 2012.
  - o Should not resell, donate or give away a crib that does not meet the new crib standards.
- Dispose of older, noncompliant cribs in a manner that the cribs cannot be reassembled and used.
- Noncompliant cribs should not be resold through online auction sites or donated to local thrift stores. CPSC recommends disassembling the crib before discarding it.

## Journey of Ideas

We are looking for informative, educational and FUN displays for our JOURNEY OF IDEAS.

Presenters enjoy FREE ADMISSION to the conference (one free admission per display).

Only 50 proposals will be accepted. Displays must present best practice, contain lots of ideas for teachers of young children and include hand-outs. A table will be provided for display, which should completely cover a trifold board. (Surrounding area may also be used).

For more information or to register for Journey of Ideas contact Linda Glaze at [lgaze@gotofirst.org](mailto:lgaze@gotofirst.org) or Christi Littlejohn at [greatchildcare@bellsouth.net](mailto:greatchildcare@bellsouth.net). Projects must be registered by August 31 to be considered.

## Featured Speakers

Eric Litwin (Mr. Eric) is a guitar strumming, best-selling, book writing, harmonica blowing, banjo picking, song singing, five time national award winning, folksy fun type of guy. He is a # 1 New York Times Best Selling author of "Pete the Cat, I Love my White Shoes", published by Harper Collins. Mr. Eric is a popular performing artist focusing on participatory music and interactive literacy. He has played at Lincoln Center as well as schools and libraries across the country. Mr. Eric has recorded several award winning children's music CDs. He is the co-creator of The Learning Groove which offers parent and child music classes. Mr. Eric likes cats, music, books and coffee.

Lisa is very passionate about Early Childhood Education. For 18 years she was the Children's Library Director for the LaVergne Public Library, which is ranked 5th in the nation for its children's programs. She currently teaches Early Childhood Education at Austin Peay State University with the Tennessee Early Childhood Training Alliance. Lisa has presented at many national, state and local conferences including: National Association for Education of Young Children, the Southern Early Childhood Association, and the National Kindergarten Conference. Lisa sits on several Early Childhood advisory boards. Her career spans more than twenty-five years. Lisa's workshops are full of energy, time saving tips, and money saving solutions. Her sincere desire is that you will be encouraged to try something new in your classroom following her session, which is sponsored by School Specialty Early Childhood.

The Official "Queen of Kindergarten", Kaye Sowell has often shared her dedication and delightful ideas with participants at the MsECA annual conference. An active member of the Association since 1986, she has served as conference chair twice, has been president, has presented numerous workshops, and has never missed attending annual conference in 25 years. Kaye is a graduate of Mississippi State University, and has taught kindergarten for thirty years, currently in the Rankin County School District. Kaye, in her own words, "LOVES, LOVES, LOVES MsECA and what it stands for". She is presenting a keynote by popular demand which will cause you to laugh, cry, love what you do, and remember why!

"Dafe" is an award winning ASCAP songwriter and publisher. While living in Nashville, David co-wrote "Blue Highway", which was recorded by John Conlee and is considered one of Conlee's greatest hits. After returning to his home in Mississippi in 1988, he co-produced a children's CD with Helen Moffat which received a Parents' Choice Award. After composing award winning musicals, he released The Guru of Kudzu, a collection of songs about growing up in the Deep South. He teaches at Galloway United Methodist Church's early childhood development center and at the Privette School at Broadmeadow in Jackson. He continues to write, and has a CD of the songs that he teaches and performs at the center for his kids titled, "Hold Your Nose When You Swallow a Goat".

As the Senior Associate Pastor, Vicki supervises the extensive and vibrant Christian Education ministry at Christ United Methodist Church. She is loved by audiences as an encourager and motivator, and has a knack for helping educators feel just how special they truly are. She is a leader in her community and an endorser of quality education. Vicki holds a Master's of Divinity from the Candler School of Theology at Emory University, and a Master's of Education from Mississippi College. Mrs. Landrum will be inspiring us during the Membership Luncheon on Friday.

# Baby's Safe Sleep Crib Checklist

## Help Prevent SUID/SIDS\*

- Place the baby on their back for every sleep
- Use a firm sleep surface - a firm crib mattress, covered by a fitted sheet
- Keep soft objects (such as pillows, stuffed toys or bumper pads) and loose bedding out of the crib
- Avoid overheating – use a sleeper or sleep sack instead of a blanket to keep baby warm
- Do not allow smoking around baby

## Help Prevent Injury in the Crib

Never place a crib by a window with blinds, curtain cords or baby monitor cords.

Lower mattress all the way down once the baby can pull to standing.

Check for loose, damaged or missing crib parts on a regular basis.

Check with the Consumer Product Safety Commission for all recalled cribs and bassinets at [www.cpsc.gov](http://www.cpsc.gov) or 1-800-638-2772.

\*Sudden Unexpected Infant Death/Sudden Infant Death Syndrome

Catalog # 5400

### **Tub and Sink Cleaner:**

- Sprinkle baking soda on porcelain fixtures and rub with a wet rag. Rinse well to avoid a hazy finish.
- Mix cream of tartar and white vinegar together to make a paste.
- Mix 2 teaspoons of Borax, 4 teaspoons of white vinegar and 3 to 4 cups of hot water into a spray bottle.

### **Window and Mirror Cleaner:**

Put a ¼ cup of vinegar in a 16 oz spray bottle and fill to the top with water. A few drops of detergent may be added for preventing streaks. Spray and wipe surfaces with a sheet of newspaper or lint-free rag.

### **Dusting:**

Decrease dust in the air by using a slightly damp cloth instead of dry-dusting.

### **Spot Cleaner:**

Dissolve a ¼ cup of Borax in 2 cups of water. Apply directly to stain and let it dry before sponging away, or use it as a pre-treat before machine washing.

### **Drain Cleaner:**

Pour a ½ cup of baking soda down the drain first, then a ½ cup of vinegar. Let it fizz for 15 minutes. Then pour down a tea kettle full of boiling water. Repeat if needed.

### **Oven Cleaner:**

*Do not use this cleaner on self-cleaning ovens.*

- Sprinkle baking soda over the bottom of the oven until it is covered completely with about a quarter of an inch of baking soda.
- Then, using a clean spray bottle, spray a mixture of baking soda and water until the bottom of the oven is thoroughly damp but not flooded.

- Repeat dampening process several times before going to bed.
- In the morning the baking soda can effortlessly be scooped out of the oven with a sponge along with all the grime.
- Rinse out the white residue left by the baking soda.

**Before using any of these recipes, test them on an inconspicuous area to ensure that the surface you are cleaning will not be damaged.**

**Healthy alternatives  
for day-to-day cleaning**

## Ingredients

- **Baking soda:** Helps to clean and deodorize, will act as a scouring agent, polisher, stain remover and fabric softener. Use to clean plastic, vinyl, carpet, silver, stainless steel and drains.
- **Borax:** Helps to clean and deodorize. Use on wallpaper, painted walls and floors. Use it with your detergent to remove stains and boost cleaning power.
- **Vinegar:** Helps remove stains, wax build-up and mildew. Use to clean windows, fireplaces, grout, paintbrushes, glass and coffee pots. May damage acid sensitive surfaces, so test on a small area first.

### Air Fresheners:

- Dissolve 1 teaspoon of baking soda in 2 cups of hot water; add 1 teaspoon of lemon juice. Pour the solution into a spray bottle and spray as you would an air freshener.
- Place a few slices of a citrus fruit, cloves, or cinnamon in a pot with enough water to simmer gently for 1 to 2 hours.
- Use baking soda in your garbage or refrigerator to help reduce odors at their source.

### All Purpose Cleaner:

- Add a ½ cup of pure liquid soap (ex. pure castile soap) to 1 gallon of hot water. This solution is safe for all surfaces and is very effective for most jobs.
- For a clean scent, and to help cut grease, add a ¼ cup of lemon juice to the above recipe.
- For a stronger cleaner, double the amounts of soap and lemon juice in the above recipe.

### Floor Cleaner with Fragrant Herbs:

Combine in a pail or bucket: an ¼ cup liquid soap or detergent, a ¼ to ½ a cup of white distilled vinegar or lemon juice, a ½ cup fragrant herbal tea (peppermint is great as it adds antibacterial qualities). Swirl the water around until it is sudsy. Scrub floor with mop or rag.

### Scouring Powder:

- Combine pure soap with table salt or baking soda on the surface to be cleaned. Scrub with a firm bristle brush.
- Baking soda alone on a damp sponge is also effective on most surfaces.
- Personalize scouring powder by adding an aromatic herb or flower. Put ingredients in blender and run until the fragrance has infused the powder.

### Disinfectant:

- Borax has long been recognized for its disinfectant and deodorizing properties. Mix a ½ cup of Borax into 1 gallon of hot water or undiluted vinegar and clean with this solution.
- For a fragrant smell, add a few sprigs of fresh thyme, rosemary or lavender to the above recipe. Steep for 10 minutes, strain and cool. Store in a plastic spray bottle.

### Furniture Polish:

Dissolve 1 teaspoon of lemon oil in 1 cup of vegetable oil. Apply with a clean dry rag.

### Laundry Detergent:

- Add ½ cup of Borax to water as washer is filling. Add clothes (this is sufficient for a large load and will clean and deodorize your clothes).
- The first time you try the recipe, your water will look like you have added soap or detergent – that's how much soap is left in our clothes after washing and rinsing.

### Softening Fabrics (including wool):

- Add a ¼ cup of white vinegar to rinse cycle or to a dispenser ball (this will not make your clothes smell like vinegar).
- To make blankets soft and fluffy: Add 2 cups of white vinegar to a washer tub full of water. Rinse cotton and wool blankets in the tub after washing. This leaves blankets free of soap, so their nap is soft and fluffy.

### Stain Removers:

- An equal mixture of salt and white vinegar will clean coffee and tea stains from china cups.
- **Fruit and wine stains:** Immediately pour salt or cold soda water on the stain and soak it in milk before washing.
- **Grease stains:** Strain boiling water through white cottons and follow with dry baking soda.
- **Ink stains:** Soak in milk or remove the stain with hydrogen peroxide.
- **Blood stains:** Immediately pour salt or cold soda water on the stain and soak it in cold water before washing.
- **Coffee and chocolate stains:** Mix an egg yolk with lukewarm water and rub on the stain.
- **Chewing gum:** Rub with ice and the gum will flake off.

# Cavity Free Kids Information

Cavity Free Kids is a train-the-trainer oral health curriculum that provides education about cavities, what causes the disease, & how it can be prevented. The curriculum was developed for child care directors & staff who work closely with parents & children. Those who participate will acquire knowledge, skills, & resources to educate families & children. Hands-on training includes exercises that are fun & easy for parents & children to understand. The training is free & child care staff will receive 2 contact hours for attending. For more information, contact the Office of Oral Health at (601) 576-7500.

- The goal of the CFK curriculum is to improve the oral health of young children who attend licensed child care centers.
- CFK is a 2 hour train-the-trainer course designed for center directors and staff that are interested in promoting and providing the curriculum training to staff, families, and children in their centers.
- Participants will receive a CFK booklet, flash drive, and 2 contact hours upon completion of the course.

## Registration Instructions:

- Locate CFK trainings in your community by visiting the MSDH Child Care Provider Training Calendar at [www.HealthyMS.com/childcare](http://www.HealthyMS.com/childcare).
- Pre-registration is required. Registration forms must be filled out completely and legibly. Training certificates will be issued from the registration form.
- Submit registration forms at least 1 week prior to training date by mail, e-mail, or fax to the Regional Oral Health Consultant in the area of the training. (see attached map)
- You will receive a phone call confirmation verifying your acceptance to the training.
